

DXP

WATER & WASTEWATER SPECIALISTS

Engineered Flow Control Solutions

Flow and Level Control * Pressure Management * Surge Mitigation

Ball Valves
Backflow Preventers

Electric Actuators
Manual Gears

Industrial Style Butterfly Valves
Pneumatic Actuators

Hydro-Pneumatic Tanks
Surge Vessels

Packaged Water and Wastewater
Pump Stations
Water Management Solutions

Pneumatic Valve Actuators
Fail Safe Actuators

Electric Actuators
Manual Gears

Hydraulic Control Valves

ORBINOX

Knife Gates, Plunger Valves
Sluice/Slide/Weir Gates, Radial Gates
Flap Gates, Overshot Gates & Stop Logs

Rubber Expansion Joints
Duckbill and Inline Check Valves
Pipe Penetration Seals

Electric Valve Actuators
Programmable Valve Controllers

Pinch Valves

Air Valves, Ball Valves, Butterfly Valves
Check Valves, Foot Valves, Plug Valves
Double Offset Butterfly Valves

Designed Air Passage Science
Performance Based
Air Valves

Knife Gate Valves

Smart Water IoT

Pressure Transient Monitoring
Triangulation with AI and ML
Water and Wastewater

Badger Meter

Water Solutions

Cellular Remote Monitoring
Water and Wastewater
